The Directors recommend that Shareholders read this Explanatory Statement in full before making any decision in relation to the Resolutions.

Financial Statements and Reports

The BioProspect Annual Report 2013 has been made available to Shareholders and can be found on the Company's website (www.bioprospect.com). During this item there will be an opportunity for Shareholders at the meeting to comment on and ask questions about BioProspect's management, operations, financial position and business strategies.

Resolution 1 Remuneration Report

During this item, there will be an opportunity for Shareholders at the meeting to comment on and ask questions about the Remuneration Report which is included in the Directors' Report section of the BioProspect Annual Report 2013.

The vote on the Resolution is advisory only and will not bind the Directors of the Company, however the Board will take the outcome of the vote into consideration when reviewing remuneration practices and policies.

A reasonable opportunity will be provided to the members as a whole to ask questions about or make comments on the Remuneration Report at the Meeting.

Pursuant to section 250R of the Corporations Act, a resolution must be put to the Shareholders that the Remuneration Report be adopted. However, under recent changes to the Corporations Act, if at least 25% of the votes cast on the resolution at the annual general meeting is against adoption of the report then at the Company's 2014 annual general meeting, at least 25% of the votes cast on the resolution for adoption of the remuneration report for the relevant financial year are against its adoption, the Company will be required to put to shareholders a resolution proposing that a general meeting (**Spill Meeting**) be called to consider the election of directors of the Company (**Spill Resolution**). The Spill Meeting must be called to consider the election of directors of the Company (**Spill Resolution**). The Spill Meeting must be held within 90 days of the date of the 2014 annual general meeting. For any Spill Resolution to be passed, more than 50% of the votes cast on the resolution must be in favour of it. If a Spill Resolution is passed, all of the directors (other than any managing director) will cease to hold office immediately before the end of the Spill Meeting unless re-elected at that meeting.

Noting each Director has a personal interest in their remuneration from the Company, as described in the Remuneration Report, the Board unanimously recommends that the Shareholders vote in favour of adopting the Remuneration Report.

Regulatory Requirements – ASX Listing Rule 7.4

Under Listing Rule 7.4, an issue of securities made without approval under Rule 7.1 is treated as having been made with approval for the purposes of Listing Rule 7.1 if each of the following apply:

- (a) the issue did not breach Rule 7.1; and
- (b) holders of ordinary securities subsequently approve it.

Accordingly, the Company wants to have Shareholders ratify the issue of securities pursuant to ASX Listing Rule 7.4 in order to reinstate the Company's capacity to issue up to 15% of its issued capital, if required, in the next 12 months without Shareholder approval.

The information required by ASX Listing Rule 7.5 to be provided to shareholders is contained within this Notice and set out below:

- the number of securities issued was 45,528,840 Shares;

Listing Rule 7.1A permits eligible entities, which have obtained shareholder approval by special resolution, to issue Equity Securities up to an additional 10% of its issued capital by placements over a 12 month period after the annual general meeting ("**Additional Placement Capacity**").

The Company seeks Shareholder approval under Resolution 4 to be able to issue Equity Securities under the Additional Placement Capacity. The exact number of Equity Securities to be issued is not fixed and will be determined in accordance the formula prescribed in Listing Rule 7.1A.2 (set out below).

Requirements of Listing Rule 7.1A

1. Eligible entities

An eligible entity for the purposes of Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less. The Company is an eligible entity.

2. Shareholder approval

Shareholders must approve the Additional Placement Capacity by **special resolution** at the annual general meeting. As a **Special Resolution** it must be passed by at least 75% of the votes cast by members entitled to vote on the resolution.

A resolution under Listing Rule 7.1A cannot be put at any other shareholder meeting.

3. Equity Securities

Equity Securities issued under the Additional Placement Capacity must be in the same class as an existing class of Equity Securities of the Company that are quoted on ASX.

As at the date of this Notice, the Company has two classes of Listed Securities:

- fully paid ordinary Shares – (2,873,174,372 on issue and quoted on ASX); and
- options (1,270,813,556 on issue - exercise price \$0.03 and expiry date 31 December 2013).

There are also the following unlisted securities:

- options (19,000,000 on issue - exercise price \$0.03 and expiry date 31 December 2013).

- options (29,248,571 on issue - exercise price \$0.05 and expiry date 31 December 2013).
- 24 Convertible Notes with a \$50,000 face value – conversion subject to future shareholder approval.

4. Formula for calculating number of Equity Securities that may be issued under the Additional Placement Capacity

If this Resolution is passed, the Company may issue or agree to issue, during the 12 month period after this Meeting, the number of Equity Securities calculated in accordance with the following formula:

$$(A \times D) - E$$

A	The number of shares on issue 12 months before the date of issue or agreement: <ul style="list-style-type: none">• plus the number of fully paid shares issued in the 12 months under an exception in Listing Rule 7.2;• plus the number of partly paid shares that became fully paid in the 12 months;• plus the number of fully paid shares issued in the 12 months with the approval of shareholders under Listing Rules 7.1 or 7.4;• less the number of fully paid shares cancelled in the 12 months.
D	10%
E	The number of Equity Securities issued or agreed to be issued under Rule 7.1A.2 in the 12 months before the date of issue or agreement to issue that are not issued with the approval of shareholders under Listing Rules 7.1 or 7.4.

5. Interaction between Listing Rules 7.1 and 7.1A

The Additional Placement Capacity under Listing Rule 7.1A is in addition to the Company's 15% placement capacity under Listing Rule 7.1.

The Company has 2,873,174,372 Shares on issue as at the date of this Notice.

If Resolution 3 is passed, the Company will be permitted to issue (as at the date of this Notice):

- 287,317,437 Equity Securities under Listing Rule 7.1A.

The actual number of Equity Securities that the Company will be permitted to issue under Listing Rule 7.1A will be calculated at the date of issue or agreement to issue the Equity Securities in accordance with the formula prescribed in Listing Rule 7.1A.2 (as set out above).

The effect of Resolution 4 will be to allow the Company to issue securities under Listing Rule 7.1A without using the Company's placement capacity under Listing Rule 7.1.

Information for Shareholders as required by Listing Rule 7.3A

6. Minimum price

The issue price of the new Equity Securities will be no lower than 75% of the volume weighted average price (VWAP) for securities in the relevant quoted class calculated over the 15 trading days on which trades in that class were recorded immediately before:

- the date on which the price of the Equity Securities are to be issued is agreed; or
- if the Equity Securities are not issued within 5 trading days of the date above, the date on which the Equity Securities are issued.

7. Risk of economic and voting dilution

If Resolution 4 is passed and the Company issues securities under the Additional Placement Capacity, existing Shareholders' voting power in the Company will be diluted.

The table also shows:

- two examples where variable "A" has increased by 50% and 100%. Variable "A" is based on the number of ordinary securities the Company has on issue. The number of ordinary securities may increase as a result of issues of ordinary securities that do not require Shareholder approval (for example a pro rata entitlement issue) or future placements under Listing Rule 7.1 that are approved by Shareholders in the future;
- two examples of where the issue price of ordinary securities has decreased by 50% and increased by 100% as against the current market price.

There is the risk that:

- the market price for the Company's existing Equity Securities may be significantly lower on the date of issue of the new Equity Securities than on the date of the Meeting; and
- the new Equity Securities may be issued at a price that is at a discount to the market price of the Company's existing Equity Securities on the issue date or the new Equity Securities may be issued as part of the consideration for the acquisition of a new asset,

which may have an effect on the amount of funds raised by the issue of the new Equity Securities.

The table below shows the dilution of existing Shareholders on the basis of the current market price of Shares and the current number of ordinary securities for variable "A" calculated in accordance with the formula in Listing Rule 7.1A.2 as at the date of this Notice.

Variable 'A' in Listing Rule 7.1A.2		Dilution		
		\$0.001	\$0.002	\$0.004
Current Variable A 2,873,174,372 Shares	10% Voting Dilution	287,317,437 Shares	287,317,437 Shares	287,317,437 Shares
	Funds raised	\$287,317	\$574,635	\$1,149,270
50% increase in current Variable A 4,309,761,558 Shares	10% Voting Dilution	430,976,156 Shares	430,976,156 Shares	430,976,156 Shares
	Funds raised	\$430,976	\$861,952	\$1,723,905
100% increase in current Variable A 5,746,348,744 Shares	10% Voting Dilution	574,634,874 Shares	574,634,874 Shares	574,634,874 Shares
	Funds raised	\$574,635	\$1,149,270	\$2,298,539

This table has been prepared on the following assumptions:

- (i) The Company issues the maximum number of Equity Securities available under the Additional Placement Capacity.
- (ii) No Options (including any quoted Options issued under the Additional Placement Capacity) are exercised into Shares before the date of the issue of the Equity Securities.
- (iii) The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
- (iv) The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the Additional Placement Capacity, based on that Shareholder's holding at the date of the Meeting.
- (v) The table shows only the effect of issues of Equity Securities under Listing Rule 7.1A, not under the 15% placement capacity under Listing Rule 7.1.
- (vi) The issue of Equity Securities under the Additional Placement Capacity consists only of quoted Securities. If the issue of Equity Securities includes quoted Options, it is assumed that those Options are exercised into Shares for the purpose of calculating the voting dilution effect on existing Shareholders.
- (vii) The issue price is \$0.002, being the last sale price of the Shares on ASX on 25 September 2013.

The Company's ability to issue securities under Listing Rule 7.1A is in addition to its ability to issue securities under listing rule 7.1.

8. Placement Period

Shareholder approval of the Additional Placement Capacity under Listing Rule 7.1A is valid from 15 November 2013 (the date of this Meeting) and expires on the earlier of:

- 15 November 2014, which is 12 months after this Meeting; or
- the date that Shareholders approve a transaction under Listing Rule 11.1.2 (significant change to nature or scale of activities) or 11.2 (disposal of the main undertaking,

The Company will only issue and allot new securities during the Placement Period. The approval will cease to be valid in the event that shareholders' approve a transaction under Listing Rules 11.1.2 or 11.2.

9. Purposes for which the new Equity Securities may be issued

The Company may seek to issue new Equity Securities for the following purposes:

- cash consideration to raise funds for the acquisition of new assets or investments (including the expenses associated such acquisition), expenditure on the Company's current Biotech assets and for general working capital; or
- non-cash consideration for acquisition of new assets and investments. In such circumstances the Company will provide a valuation of the non-cash consideration as required by Listing Rule 7.1A.3.

10. Allocation policy

The Company's allocation policy for the issue of new Equity Securities under the Additional Placement Capacity will depend on the market conditions existing at the time of the proposed issue. The allottees will be determined at the relevant time having regard to factors such as:

- the methods of raising funds that are available to the Company, including but not limited to, rights issues or other issues in which existing security holders can participate;
- the effect of the issue of new securities on the control of the Company;
- the financial situation and solvency of the Company;
- advice from corporate, financial and broking advisers (as relevant).

As at the date of this Notice the allottees are not known but may include existing substantial Shareholders and/or new Shareholders. No allottee under the Additional Placement Capacity will be a related party or associate of a related party. Existing Shareholders may or may not be entitled to subscribe for any Equity Securities issued under the Additional Placement Capacity and it is possible that their shareholding will be diluted.

If the Additional Placement Capacity is used to acquire new assets or investments then it is likely that the allottees will be the vendors of the new assets.

The Company will comply with the disclosure obligations under Listing Rule 7.1A(4) and 3.10.5A on the issue of any new securities.

Schedule 3

Calculation of the number of Shares to be issued on conversion of the New Notes

Below are examples calculating the number of the Shares that will be issued to Mining Investments, Pitt Street and Winton Willesee on conversion of the New Notes. These examples assume that the New Notes are converted on the maturity date (30 June 2015).

The conversion formula is:

$$\frac{\text{Note amount} + \text{accumulated interest}}{\text{conversion price}}$$

Note amount + accumulated interest:

Assuming that all of the notes are converted on the maturity date, and that interest is accumulated on the notes (2 years), then the note amount plus accumulated interest will be equal to:

	Note amount	Accumulated interest (8% pa)
Mining Investments	\$1,050,000	\$156,493
Pitt Street	\$400,000	\$59,617
Winton Willesee	\$50,000	\$7,452
Total	\$1,500,000	\$223,562

Conversion price:

The conversion price is the lower of 0.01c or 80% multiplied by the 5 day vwap immediately prior to the issue of a conversion notice.

Assuming the following vwap of Shares, then the conversion price will be equal to:

VWAP (c)	80% of VWAP (c)	Conversion price (c)
0.1	0.08	0.08
0.2	0.16	0.1
0.3	0.24	0.1
0.5	0.4	0.1
1	0.8	0.1

Number of Shares:

Assuming a conversion price of 0.08c, then the number of Shares to be issued on conversion of the notes will be calculated as follows:

	Formula		Number of Shares
Mining Investments	$\frac{=1,050,000+156,493}{\$0.0008}$	$\frac{=1,206,493}{\$0.0008}$	=1,508,116,438
Pitt Street	$\frac{=400,000+280,000}{\$0.0008}$	$\frac{=980,000}{\$0.0008}$	=574,520,798
Silverinch	$\frac{=50,000+7,452}{\$0.0008}$	$\frac{=57,452}{\$0.0008}$	=71,815,068
Total Shares			2,154,452,305

Using the conversion prices set out above, the number of Shares to be issued on conversion of the notes will be as follows:

VWAP (c)	Conversion price (c)	Mining Investments	Pitt Street	Winton Willesee	Total
0.1	0.08	1,508,116,438	574,520,798	71,815,068	2,154,452,305
0.2	0.1	1,206,493,151	459,616,638	57,452,055	1,723,561,844
0.3	0.1	1,206,493,151	459,616,638	57,452,055	1,723,561,844
0.5	0.1	1,206,493,151	459,616,638	57,452,055	1,723,561,844
1	0.1	1,206,493,151	459,616,638	57,452,055	1,723,561,844

Schedule 4 Terms of Options

1. Each Option entitles the holder to one Share.
2. The exercise price of the Options is equal to the conversion price of the New Notes (being the lower of 0.5 cents or 80% of the 5 day vwap at the time of conversion).
3. The expiry date of the Options is 5.00pm Western Standard Time on the date that is 3 years from the date of issue.
4. The Options may be exercised at any time prior to the expiry date, in whole or in part, upon payment of the exercise price per Option.
5. The Options are freely transferable. The Options will not be quoted.
6. The Company will provide to each Option holder a notice that is to be completed when exercising the Options ("**Notice of Exercise**").
7. All Shares issued upon the exercise of the Options will rank equally in all respects with the Company's then issued Shares. The Company must apply to the ASX for quotation in accordance with the Listing Rules after the date of issue of all Shares pursuant to the exercise of Options.

8. There are no participating rights or entitlements inherent in the Options and the holders will not be entitled to participate in new issues or pro-rata issues of capital to Shareholders during the term of the Options. Thereby, the Option holder has no rights to a change in the exercise price of the Option or a change to the number of underlying securities over which the Option can be exercised except in the event of a bonus issue or reconstruction. The Company will ensure, for the purposes of determining entitlements to any issue, that Option holder will be notified of a proposed issue after the issue is announced. This will give Option holders the opportunity to exercise their Options prior to the date for determining entitlements to participate in such issues.
9. If from time to time on or prior to the Expiry Date the Company makes a bonus issue of securities to holders of Shares in the Company ("**Bonus Issue**"), then upon exercise of his or her Options a holder will be entitled to have issued to him or her (in addition to the Shares which he or she is otherwise entitled to have issued to him or her upon such exercise) the number of securities which would have been issued to him or her under that Bonus Issue if the Options had been exercised before the record date for the Bonus Issue.
10. In the event of any reconstruction (including consolidation, subdivisions, reduction or return) of the authorised or issued capital of the Company, all rights of the Option holder shall be reconstructed (as appropriate) in accordance with the ASX Listing Rules.
