# 1. Letter to Shareholders

---

Dear Shareholders and Investors

I am pleased to be able to present the details of the Medibio Limited Share Purchase Plan, Shortfall Offer and provide an update on the Company's operations.

## Share Purchase Plan (SPP)

On behalf of the Board, I am pleased to offer you the opportunity to apply for new, fully paid ordinary Shares (**SPP Shares**) and Options in Medibio Limited (**MEB** or the **Company**) under a partially underwritten Share Purchase Plan (**SPP Offer**). While the Company is seeking to raise \$1,500,000 (before costs) under the SPP Offer, the Company reserves the right to raise more or less than this amount.

The SPP Offer allows Eligible Shareholders the opportunity to subscribe for up to \$30,000 worth of SPP Shares without paying brokerage or other transaction costs. Eligible Shareholders will also be entitled to apply for one free SPP Option (**SPP Option**) for every two (2) SPP Shares subscribed for under the SPP. The SPP Options will be issued for nil consideration and will be exercisable at \$0.004 and expiring on 15 June 2025. Each SPP Option gives the holder the right to subscribe for one (1) Share upon exercise and payment of the exercise price.

The SPP Shares will be issued under the SPP at \$0.0015 per SPP Share (**Offer Price**), which is the same price as the price at which Shares have been offered to investors under the Placement as announced to the market on 15 February 2023.

## Shortfall Offer

This Prospectus also includes a Shortfall Offer, which provides that in the event that less than the maximum number of SPP Shares and SPP Options are applied for under the SPP Offer, the Shortfall Securities will be:

- (a) partially placed to the Underwriters, or their nominee, up to the Underwritten Amount; and
- (b) any remaining Shortfall Securities after the placement to the Underwriters will be placed at the discretion of the Directors by CPS under the Shortfall Offer,

in accordance with Section 5.18.

The Company has entered into an Underwriting Agreement with each of the Underwriters, pursuant to which the Underwriters have agreed to partially underwrite the SPP Offer up to their respective Underwritten Amounts.

The Underwriters' ability to participate in the SPP Offer will be limited to the extent that there is a shortfall under the SPP Offer.

The Eligible Shortfall Participants' ability to participate in the SPP Offer will be limited to the extent that there is a shortfall under the SPP Offer after the Underwritten Amount has been placed to the Underwriters.

The terms and conditions of the SPP Offer and Shortfall Offer and are provided for in this Prospectus and will be accompanied by an SPP Offer Application Form and a Shortfall Offer Application Form (as applicable). You should read this Prospectus in its entirety before deciding whether to participate in the SPP Offer.

## Placement

As announced to the market on 15 February 2023, the Company has completed a placement to sophisticated and professional investors, for which the Company has received firm commitments of \$1,245,000 (before costs) (**Placement**).

The Placement is being undertaken in two stages. Under stage 1 of the Placement the Company will issue 830,000,000 shares (in respect of the \$1,245,000 raised under the Placement) without Shareholder approval under its existing placement capacity. The free attaching options to be issued to subscribers under the Placement will be issued under stage 2 (which is conditional on obtaining Shareholder approval at the EGM) and is expected to complete on 14 April 2023.

Participants in the Placement (**Placement Participants**) are also entitled to subscribe for Options on the same terms as the SPP Options that are being offered to Eligible Shareholders under the SPP Offer, that is investors under the Placement will be eligible to apply for one (1) free attaching Option for every two (2) Shares subscribed for under the Placement.

CPS acted as the lead manager to the Placement and the Shortfall Offer. Amongst other consideration that the Company has agreed to pay for such services, the Company has agreed to issue CPS twenty (20) Options for each \$1.00 for all funds raised under the Placement, CPS client SPP subscriptions and the Shortfall Offer (not including Directors' subscriptions), at a subscription price of \$0.00001 with each Option exercisable at \$0.004, expiring on 15 June 2025 and otherwise on the terms outlined in Section 7.1 of this Prospectus, being on the same terms as the free-attaching Options offered under the Placement and the SPP Offer (**Broker Options**).

## Underwriting

The SPP Offer is partially underwritten by Directors David Trimboli and Christopher Ntoumenopoulos (**Underwriters**) up to a total of \$350,000. Accordingly, if no subscriptions are received from Eligible Shareholders for SPP Shares and SPP Options under the SPP Offer, the Underwriters will be required to subscribe, or procure subscription, for up to \$350,000 worth of SPP Shares (including the relevant free-attaching SPP Options), subject to the Company receiving Shareholder approval at the EGM. Likewise, if subscriptions are received from Eligible Shareholders for at least \$1,500,000 worth of SPP Shares under the SPP Offer (including the relevant free-attaching SPP Options), the Underwriters will not be obliged to subscribe for SPP Shares and SPP Options under the SPP Offer.

The Directors have reserved the right to place the SPP Shares and SPP Options not subscribed for by Eligible Shareholders under the SPP to the Underwriter up to the Underwritten Amount.

## Shareholder Approval

The SPP Offer and Shortfall Offer are conditional upon the Company obtaining Shareholder approval at the Company's general meeting to be held via a webinar facility at a time to be confirmed on 6 April 2023 (**EGM**).

Similarly, completion of the allotment of free attaching Options under the Placement is conditional on the Company receiving Shareholder approval at the EGM.

A notice of meeting will be dispatched to Shareholders in connection with the EGM, and I encourage all Shareholders to carefully read the notice of meeting and vote as per voting instructions provided in the notice of meeting for the EGM.

If Shareholder approval is not obtained, persons who subscribe for Shares and Options under the Offers will not be issued with Shares and Options and the Company will refund all application monies (if any).

## Use of funds

Proceeds from the Offers and placement of the SPP Shortfall, as well as any funds raised on the exercise of the SPP Options, will be used to progress the Company's FDA application and for general working capital. ## 2. Key SPP Information

---

### What is the SPP?

The SPP provides Eligible Shareholders with the opportunity to subscribe for up to \$30,000 worth of SPP Shares (and free attaching SPP Options) without paying any brokerage or other charges. Additionally, Eligible Shortfall Participants will be able to participate in the Shortfall Offer to the extent that there is any SPP Shortfall remaining after the Underwritten Amount is placed to the Underwriters.

Applications may be scaled back at the absolute discretion of the Company. More details of the SPP are set out in Section 5 of this Prospectus.

### How much will the Company raise under the SPP Offer?

The Company is seeking to raise \$1,500,000 under the SPP Offer. The Company reserves the right to raise more or less than this amount in its absolute discretion.

The Company may, at its absolute discretion, scale back the number of SPP Shares (and free attaching SPP Options) that will be allotted to individual Shareholders under the SPP Offer. However, the Company anticipates that this will only occur to the extent that the SPP Offer is oversubscribed by Eligible Shareholders.

### What is the Offer Price of SPP Shares under the SPP Offer?

The SPP Shares will be issued under the SPP at the Offer Price of \$0.0015 per SPP Share, which is the price at which Shares were issued to Placement Investors under the Placement. For every two (2) SPP Shares validly subscribed for under the SPP Offer, the SPP Subscribers are also entitled to receive one (1) free-attaching SPP Option exercisable at \$0.004 each and expiring on 15 June 2025.

There is a risk that the market price of Shares may rise or fall between the Record Date, the date of this Prospectus, the date on which a Shareholder makes a payment for SPP Shares, submits an SPP Offer Application Form, and the time of issue of SPP Shares under the SPP Offer. This means that the price you pay for the SPP Shares issued to you may be less than or more than the market price of Shares at the date of this Prospectus or the time of issue of the SPP Shares.

There is also a risk that the market price of Shares may rise or fall between when the SPP Options are granted and when a holder of the SPP Options exercises the SPP Options. This means that the value of the SPP Options at any time prior to their exercise may be less or more than the value of the SPP Options as at the date of grant.

No cooling off rights apply to your application and your application may not be withdrawn even if the market price of Shares is less than the Offer Price.

The current Share price can be obtained from the ASX under the ticker code "MEB".

### Is the SPP Offer underwritten?

Yes, the SPP Offer is partially underwritten by the Underwriters up to \$350,000. Likewise, if subscriptions are received for \$1,500,000 worth of SPP Shares (and free-attaching Options) under the SPP Offer, the Underwriters will not be obliged to subscribe for the SPP Shortfall. For every two (2) SPP Shares subscribed for under the SPP Shortfall by the Underwriters or their appointed nominee, the subscriber is entitled to apply for one (1) free-attaching SPP Option in accordance with the terms of the SPP Offer.

Receipts for payment will not be issued.

- (d) If an Eligible Shareholder has more than one holding, the Eligible Shareholder may not apply for SPP Shares with an aggregate value of more than \$30,000 under the SPP Offer. Accordingly, an Eligible Shareholder may only make an application for the maximum amount with respect to one holding.

- For personal use only
- (iii) any other SPP Shares which you have instructed a Custodian to acquire on your behalf under the SPP Offer; and
  - (iv) any other Shares issued to a Custodian under an arrangement similar to the SPP Offer in the 12 months before the date of your application for SPP Shares (and corresponding free attaching SPP Options) as a result of an instruction given by you to the Custodian or another Custodian and which resulted in you holding beneficial interests in such Shares, even though you may have received more than one offer or received offers in more than one capacity.

#### **5.4 Company's discretion with regard to applications**

- (a) The Company may accept or reject any application under the SPP Offer, including where:
  - (i) the amount of your BPAY<sup>®</sup> payment is not equal to \$1,000, \$2,500, \$5,000, \$7,500, \$10,000, \$15,000, \$20,000 or \$30,000. If this occurs, the Company may either:
    - (A) refund in full your Application Monies and not allot any SPP Shares (and corresponding free attaching SPP Options) to you; or
    - (B) allot you the number of SPP Shares and SPP Options that would have been allotted had you applied for the highest designated amount that is less than the amount of your payment and refund to you the excess of your Application Monies;
  - (ii) it appears that you are applying to purchase more than \$30,000 worth of SPP Shares in aggregate (including as a result of any Shares you hold directly, jointly or through a Custodian or nominee arrangement);
  - (iii) your payment is received after 5.00pm (Sydney time) on the SPP Offer Closing Date;

- For personal use only
- (c) you acknowledge that your application will be irrevocable and unconditional;
  - (d) you agree to pay the Offer Price per SPP Share up to the maximum value of your BPAY® payment;

  - (f) you certify that the total of the application price for the following does not exceed \$30,000:
    - (i) the SPP Shares the subject of your application;
    - (ii) any other Shares issued to you under an arrangement similar to the SPP Offer in the 12 months before the date of your application under the SPP (for the avoidance of doubt an arrangement similar to the SPP Offer does not include an entitlement offer);
    - (iii) any other SPP Shares which you have instructed a Custodian to acquire on your behalf under the SPP Offer; and
    - (iv) any other Shares issued to a Custodian under an arrangement similar to the SPP Offer in the 12 months before the date of your application for SPP Shares as a result of an instruction given by you to the Custodian or another Custodian and which resulted in you holding beneficial interests in such Shares, even though you may have received more than one offer or received offers in more than one capacity;
  - (g) you accept the risk associated with any refund that may be sent to your nominated bank account (as recorded by Company's Share registry);
  - (h) you acknowledge that no interest will be paid on any Application Monies held pending the allotment of SPP Shares and SPP Options or subsequently refunded to you for any reason;
  - (i) you acknowledge that neither the Company nor its Share registry has provided any investment advice or financial product advice and that neither of them has any obligation to provide this advice in relation to your consideration as to whether or not to participate in the SPP Offer;
  - (j) you acknowledge that the Company (and each of its officers and agents) is not liable for any consequences of the exercise or non-exercise of its discretions referred to in these terms and conditions of this Prospectus;
  - (k) you acknowledge that the SPP Shares and SPP Options to be issued under the SPP Offer have not, and will not be, registered under the Securities Act or the securities laws of any other jurisdiction outside Australia and, accordingly, the SPP Shares and SPP Options to be issued under the SPP Offer may not be offered, sold or otherwise transferred except in accordance with an available exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and any other applicable securities laws;
  - (l) you agree not to send this Prospectus or any other material relating to the SPP to any person in the United States or any other country outside Australia or New Zealand;
  - (m) you agree to be bound by the Company's constitution;

- For personal use only
- (n) you acknowledge that the Company may at any time reasonably and irrevocably determine that your application is invalid, in accordance with the terms and conditions of the SPP; and
  - (o) you are responsible for any fees or costs the Company may incur in case of a refund.

#### **5.7 Scale-back and increase in SPP Offer size**

- (a) While the Company is seeking to raise \$1,500,000 under the SPP, the Company reserves the absolute discretion to raise more than or less than this amount. The Company may in its absolute discretion undertake a scale-back to the extent and in the manner it sees fit.
- (b) Investors should note that the Company may give a preference to Eligible Shareholders' Applications under the SPP Offer to those Eligible Shareholders that have not disposed of any of their Shares as between 9.00 am (Sydney time) on the SPP Offer Opening Date and 7.00 pm (Sydney time) on the SPP Offer Closing Date (**Relevant Period**). Accordingly, the Company may reject or scale back any Applications under the SPP Offer received from Eligible Shareholders that have disposed of any of their Shares during the Relevant Period.
- (c) Furthermore the Company may, at its absolute discretion, scale-back the number of SPP Shares (and corresponding SPP Options) that will be allotted to individual Applicants under the SPP Offer and in the manner it sees fit. In the event of a scale-back, the Company intends to prioritise allocations to Shareholders who have increased the number of Shares held during the Relevant Period.
- (d) Applicants acknowledge that the final determination of whether an Applicant has disposed of any Shares during the Relevant Period or whether an Applicant has increased their number of Shares held during the Relevant Period shall be determined by the Board in its absolute discretion. Furthermore notwithstanding anything in this Prospectus, the Board reserves the right to waive any condition imposed on the acceptance of Applications, which may be exercised in the Board's sole and absolute discretion.
- (e) If there is a scale-back you may receive less than the parcel of SPP Shares (and corresponding SPP Options) for which you have applied.
- (f) If a scale-back produces a fractional number of SPP Shares (and corresponding SPP Options) when applied to your parcel, the number of SPP Shares (and corresponding SPP Options) you will be allotted will be rounded down to the nearest whole number of SPP Shares (and corresponding SPP Options).
- (g) If there is a scale-back, the difference between the Application monies received from you, and the number of SPP Shares allocated to you multiplied by the Offer Price (and corresponding SPP Options), will be refunded to you in accordance with Section 5.5.
- (h) If there is a consolidation or re-organisation of the issued share capital of the Company prior to the SPP Offer Closing Date, the maximum number of SPP Shares (and corresponding SPP Options) to be issued pursuant to and in accordance with the SPP Offer shall be consolidated or re-organised (as the case may be) in the same ratio as the issued capital of the Company.

#### **5.8 Shares**

- (a) SPP Shares issued under the SPP Offer and Shortfall Offer will rank equally in all respects with existing Shares quoted on the ASX, with the same voting rights, dividend rights and other entitlements (other than the right to subscribe for free

Options, on the basis of one (1) free attaching Option for every two (2) SPP Shares subscribed for under the SPP Offer or Shortfall Offer, which right will have expired at the point of issue of Shares).

- (b) The Company will apply for the Shares issued under the SPP Offer and the Shortfall Offer to be quoted on the ASX.

#### **5.9 Options**

- (a) The Options issued under the SPP Offer and Shortfall Offer will rank equally in all respects with all Options offered under the Placement, the terms of which are set out in Section 7.1.
- (b) All Shares issued upon exercise of the Options (including the Options issued under the SPP Offer and the Shortfall Offer) will rank equally in all respects with existing Shares at the date of exercise.

#### **5.10 No transaction costs**

Eligible Shareholders who participate in the SPP Offer will not pay any brokerage, commissions or other transaction costs in respect of the issue and allotment of SPP Shares and SPP Options.

#### **5.11 Timetable**

- (a) Subject to clause 5.11(b), the timetable for the key events relating to the SPP Offer and Shortfall Offer is as set out in Section 3, Key Dates section of this Prospectus (**Timetable**).
- (b) The Company may, at its discretion, vary any of the dates in the Timetable or in these terms and conditions in accordance with the Corporations Act and ASX Listing Rules.

#### **5.12 Conditional on Shareholder approval**

The SPP Offer is conditional on Shareholder approval at the EGM for the purposes of issuing the SPP Shares and SPP Options outside of the Company's available placement capacity under ASX Listing Rules 7.1 and 7.1A.

If Shareholder approval is not received, no SPP Shares or SPP Options will be issued to Eligible Shareholders that have submitted applications under the SPP Offer and all funds received by the Company under the SPP Offer will be refunded to applicants without interest.

#### **5.13 ASX quotation**

##### ***SPP Shares***

Application for Official Quotation of the SPP Shares offered pursuant to this Prospectus will be made within seven (7) days of the date of this Prospectus.

If ASX does not grant Official Quotation of the SPP Shares offered pursuant to this Prospectus within three months after the date of this Prospectus (or such period as varied by ASIC), the Company will not allot any SPP Shares and will repay all Application Monies for the SPP Shares within the time period prescribed under the Corporations Act, without interest.

A decision by ASX to grant Official Quotation of the SPP Shares is not to be taken in any way as an indication of ASX's view as to the merits of the Company, or the SPP Shares offered for subscription.

### **SPP Options**

As at the date of this Prospectus, the Company does not intend to apply for Official Quotation of the SPP Options but may decide to do so at a later date.

#### **5.14 Allotment and holding statements**

The Company anticipates issuing the Shares and free attaching Options subscribed for under the SPP Offer and Shortfall Offer on 14 April 2023.

The Company will not be issuing share or option certificates. The Company is a participant in CHES, for those investors who have, or wish to have, a sponsoring stockbroker. Investors who do not wish to participate through CHES will be issuer sponsored by the Company. Because the sub-registers are electronic, ownership of securities can be transferred without having to rely upon paper documentation.

Instead of Share and Option certificates, investors will be provided with a holding statement that sets out the number of Offer Securities allotted to them under this Prospectus. The notice will also advise holders of their Holder Identification Number or Security Holder Reference Number.

#### **5.16 Dispute resolution**

The Company may settle in any manner it thinks fit, any difficulties, anomalies or disputes that may arise in connection with or by reason of the operation of the Offers, whether generally or in relation to any participant or application. Any determinations by the Company will be conclusive and binding on all Eligible Shareholders and other persons to whom the determination relates. The Company's rights may be exercised by its Board or any delegate of the Board.

#### **5.17 Variation, suspension and termination**

- (a) The Company may at its discretion and at any time:
  - (i) vary, suspend or terminate the Offers (or any part of it). If the Company does this, it will make an announcement to the ASX (in addition to any other requirements under the Corporations Act). Failure to notify Shareholders of variations to or the suspension or termination of the SPP Offer (or any part of it) will not invalidate the variation, suspension or termination; or
  - (ii) to the extent permitted by law, waive compliance with any provision of the Offers or these terms and conditions.
- (b) The Company reserves the right to issue no SPP Shares, SPP Options or Options under the Offers or fewer SPP Shares, SPP Options or Options under the Offers than applied for at its complete discretion, including if the Company believes the issue of those SPP Shares, SPP Options or Options would contravene ASIC requirements or policy, any law or any ASX Listing Rule.

### 5.18 Shortfall Offer

In the event that less than \$1,500,000 is applied for under the SPP Offer by Eligible Shareholders (or such other higher or lower amount that the SPP Offer is increased or reduced to at the Company's discretion) and after the Underwritten Amount is placed to the Underwriters, the Directors will place any SPP Shares or SPP Options not taken up pursuant to the SPP Offer or the Underwriters under the Shortfall Offer (**Shortfall Securities**).

The Shortfall Offer is a separate offer made pursuant to this Prospectus and will remain open for up to the Shortfall Offer Closing Date. The issue price for each Share to be issued under the Shortfall Offer shall be \$0.0015 (being the price at which SPP Shares have been offered under the SPP Offer) and participants under the Shortfall Offer will also be entitled to receiving one (1) free-attaching Option for every two (2) Shares subscribed for under the Shortfall Offer (being on the same terms at which SPP Options have been offered under the SPP Offer).

The allocation of the Shortfall Securities will be at the absolute discretion of the Directors. Accordingly, do not apply for Shortfall Securities unless instructed to do so by the Directors.

### 5.19 Underwriting

The SPP Shares and free attaching SPP Options to be issued under the SPP is underwritten by the Underwriters up to an amount of \$350,000. Accordingly, to the extent applications received for SPP Shares under the SPP Offer are less than \$1,500,000, the Underwriters will be required to subscribe for the difference between \$1,500,000 worth of SPP Shares (with corresponding free attaching SPP Options) and the amount applied for under the SPP Offer up to the amount of \$350,000, subject to approval at the EGM. Likewise, if subscriptions are received for \$1,500,000 worth of SPP Shares under the SPP Offer (including corresponding free attaching SPP Options), the Underwriters will not have any obligation to subscribe for SPP Shares.

Details of the underwriting agreement, pursuant to which the Underwriters have agreed to underwrite the SPP Offer, are set out in Section 9.2.

### 5.20 Enquiries

Any questions concerning the Offers should be directed to the Company's Share Registry on 1300 850 505 (within Australia) or +61 3 9415 4000 (outside Australia) from 9.00am to 5.00pm (Sydney time), Monday to Friday (excluding public holidays).

## **6. Purpose and effect of the Offers**

---

### **6.1 The Offers**

As announced to the market on 15 February 2023, the Company is proposing to undertake the Placement to sophisticated and professional investors, by the offer of Shares at an offer price of \$0.0015 per Share, for which the Company has received firm commitments of \$1,245,000 (before costs).

The Placement is being undertaken in two stages. Under stage 1 of the Placement the Company will issue 830,000,000 shares (in respect of the \$1,245,000 raised under the Placement) without Shareholder approval under its existing placement capacity. The free attaching Options to be issued to subscribers under the Placement will be issued under stage 2 (which is conditional on obtaining Shareholder approval at the EGM) and is expected to complete on 14 April 2023 .

Placement Participants are also entitled to subscribe for free attaching Options on the basis of one (1) free attaching Option for every two (2) Shares subscribed for under the Placement. In consideration for services provided in connection with the Placement and the Shortfall Offer, the Company has agreed to issue the Broker Options to CPS.

In conjunction with the Placement and subject to shareholder approval (to be sought at a shareholder meeting to be held on 6 April 2023), the Company is undertaking the partially underwritten SPP Offer whereby Eligible Shareholders are offered the opportunity to acquire up to \$30,000 worth of Shares per Eligible Shareholder, on the same subscription price and terms as those offered to Placement Investors under the Placement. Accordingly, Eligible Shareholders will be eligible to apply for SPP Shares at an offer price of \$0.0015 per Share and are also entitled to subscribe for free attaching SPP Options on the basis of one (1) free attaching SPP Option for every two (2) SPP Shares subscribed for under the SPP Offer.

The Company has entered into the Underwriter Agreements with the Underwriters, pursuant to which the Underwriter has agreed to partially underwrite the SPP Offer, up to a maximum of \$350,000. Therefore, the SPP Offer is extended to the Underwriters in connection with the Underwriters' obligations under their respective Underwriting Agreement.

The SPP Offer will also be extended to the Eligible Shortfall Participants' to the extent that there is any SPP Shortfall remaining after the Underwritten Amount has been placed by the Underwriters pursuant to the Underwriting Agreements.

### **6.2 Purpose of this Prospectus**

This Prospectus has been issued for the purposes of enabling the SPP Offer to be made to all Eligible Shareholders and to the extent it relates to the SPP Offer and the Shortfall Offer, to enable the SPP Shares and the Shortfall Shares issued to be on-sold without disclosure.

In addition, the purpose of this Prospectus is to remove any trading restrictions that may be applicable to the Shares and Options issued (or will be issued) by the Company under the Placement, to the Underwriters and in respect of the Broker Options, which were issued without disclosure under Chapter 6D of the Corporations Act.

The offer and issue of the Shares and Options under the Placement and the Broker Options have been undertaken without disclosure under Part 6D of the Corporations Act, to investors who were considered sophisticated investors, professional investors or other investors who were exempt from disclosure pursuant to section 708 of the Corporations Act.

Generally, section 707(3) of the Corporations Act requires that a prospectus is issued in order for a person to whom securities were issued without disclosure under Part 6D of the Corporations Act to on-sell those securities within 12 months of the date of their issue.

Relevantly, section 708A(11) of the Corporations Act provides an exemption from this general requirement and states that a sale offer does not need disclosure to investors if:

- (a) the relevant securities are in a class of securities that are quoted securities of the body; and
- (b) either:
  - (i) a prospectus is lodged with ASIC on or after the day on which the relevant securities were issued, but before the day on which the sale offer is made; or
  - (ii) a prospectus is lodged with ASIC before the day on which the relevant securities are issued and offers of securities that have been made under the prospectus are still open for acceptance on the day on which the relevant securities were issued; and
- (c) the prospectus is an offer of securities issued by the body that are in the same class of securities as the relevant securities.

Accordingly, an additional purpose of this Prospectus is to comply with section 708A(11) of the Corporations Act so that the Shares and Options issued under the Placement, issued to the Underwriters and the Broker Options may be sold within the next twelve months without the issue of a prospectus. The issue of the Shares and Options under the Placement, Underwriting Agreements and the Broker Options have not been undertaken by the Company with the purpose of the Placement Investors, the Underwriters or the holders of the Broker Options selling or transferring those Shares. However, the Directors consider that the Placement Investors, the Underwriters and the holders of the Broker Options should be able to sell them should they wish to do so, without being required to issue a prospectus.

### **6.3 Purpose of the Offers**

The purpose of the SPP Offer is to provide Eligible Shareholders the opportunity to subscribe for up to \$30,000 of SPP Shares on the same subscription price and terms as those offered to Placement Investors under the Placement.

A total of \$1,500,000 will be raised from the SPP Offer (which includes any Underwritten Amount placed by the Underwriters and any SPP Shortfall subscribed for under the Shortfall Offer), the proceeds of which, together with the \$1,245,000 to be raised under the Placement, will be used to progress the Company's FDA application and working capital. The additional working capital will enable the continued growth of the Company's current products alongside its future products.

### **6.4 Effect of the Offers**

The principal effect of the Offers, will be to increase the number of Shares on issue by approximately 1,000,000,000 Shares, the number of Options on issue by 500,000,000 Options and to increase the Company's cash reserves by \$1,500,000 (before costs).

It should be noted that the Company has the discretion to increase or decrease the size of the SPP Offer.

## 8. Risk factors

---

The business activities of the Company are subject to risks and there are many risks which may impact on the Company's future performance. Some of these risks can be mitigated by the use of safeguards and appropriate systems and controls, but many are outside of the control of the Company and cannot be mitigated. There are also general risks associated with any investment. Investors should consider all of these risks before they make a decision whether or not to acquire SPP Shares or acquire and exercise Options (including the SPP Options) offered under this Prospectus.

The Offer Securities are considered speculative. An investment in the Company is not risk free and the Directors strongly recommend that potential investors consider the risk factors described below, together with information contained elsewhere in this Prospectus and to consult their professional advisers before deciding to apply for the Offer Securities.

The principal risk factors include, but are not limited to, the following.

### 8.1 Company-specific risk

#### (a) Competition regulation and loss of reputation

The health industry is intensely competitive and subject to rapid and significant change. A number of companies, both in Australia and abroad, may be pursuing the development of products that target the same markets that the company is targeting. The Company's products may compete with existing products that are already available to customers. In addition, a number of companies, both in Australia and abroad, may be pursuing the development of products that target the same customers that the Company is targeting. The Company may face competition from parties who have substantially greater resources.

#### (b) Regulatory approvals and investigations

The research, development, manufacture, marketing and sale of products using the Company's technology are subject to varying degrees of regulation by a number of government authorities in Australia and overseas. Other than regulatory approvals for applications made by the Company, the Company may also become subject to regulatory investigations by any one or more regulatory bodies for current or historical actions by the Company. Depending on the outcome of regulatory investigations, the Company may be fined or sanctioned and its reputation and brand may be negatively impacted, which could adversely affect its business prospects, financial condition and results of operation.

#### (c) Commercialisation of products and potential market failure

The Company has not yet commercialised its technology and as yet has no material revenues.

The Company is dependent on commercially attractive markets remaining available to it during the commercialisation phase of its technology and there is a risk that, once developed and ready for sale, commercial sales of the Company's products to fund sufficient revenues for continued operations and growth may not be achieved. In addition, commercialisation of the Company's technology is dependent on the Company having appropriate clinical evidence to support its efficacy, obtaining relevant regulatory approvals and sufficient acceptance and adoption of the Company's products and technology by the medical industry and medical practitioners.

(d) **Dependence upon key personnel**

The Company depends on the talent and experience of its personnel as its primary asset. There may be a negative impact on the Company if any of its key personnel leave. It may be difficult to replace them, or to do so in a timely manner or at comparable expense. Additionally, any key personnel of the Company who leave to work for a competitor may adversely impact the Company.

In summary, the Company's ability to attract and retain personnel will have a direct impact on its ability to deliver its commercialisation and commitments. Additionally, increases in recruitment, wages and contractor costs may adversely impact upon the financial performance of the Company.

(e) **Requirement to raise additional funds**

The Company may be required to raise additional equity or debt capital in the future. There is no assurance that it will be able to raise that capital when it is required or, even if available, the terms may be unsatisfactory. If the Company is unsuccessful in obtaining funds when they are required, the Company may need to delay or scale down its operations.

(f) **Research & Development Grant (Commonwealth)**

The Company is eligible each year for an R&D Tax Incentive refund. The R&D Tax Incentive is an Australian Government program under which companies receive cash refunds for 43.5% of eligible expenditure on research and development. There is no guarantee that this program will continue or that the eligibility criteria will not change. Refunds are subject to audit by the Australian Tax Office and AusIndustry which may result in a requirement for repayment in certain circumstances.

(g) **Growth**

There is a risk that the Company may be unable to manage its future growth successfully. The ability to hire and retain skilled personnel as outlined above may be a significant obstacle to growth.

(h) **Intellectual Property**

The Company's ability to leverage its innovation and expertise depends upon its ability to protect its intellectual property and any improvements to it. The intellectual property may not be capable of being legally protected, it may be the subject of unauthorised disclosure or be unlawfully infringed, or the Company may incur substantial costs in asserting or defending its intellectual property rights.

(i) **Risk of delay and continuity of operations**

The Company may experience delays in achieving some or all of its milestones, including but not limited to product development, obtaining regulatory approvals, or delays in sales of licensing. The company is also dependent on amongst other things its technology, key personnel and IT systems. Any disruption or delay to any key inputs could impact adversely on the Company.

(j) **Liability claims**

The Company may be exposed to liability claims if its services are provided in fault and/or cause harm to its customers. As a result, the Company may have to expend significant financial and managerial resources to defend such claims. If a successful claim is made against the Company, it may be fined or sanctioned and its reputation and brand may be negatively impacted, which could adversely affect its business prospects, financial condition and results of operation.

The Company may be exposed to claims from employees who have left the company or may leave it in future for unfair dismissal.

(k) **Contractual risks**

As a party to contracts, the Company will have various contractual rights in the event of noncompliance by a contracting party. However, no assurance can be given that all contracts will be fully performed by all contracting parties and that the Company will be successful in securing compliance with the terms of each contract by the relevant third party.

(l) **Exchange rate risk**

The expenditure of the Company is and will be in Australian and United States currencies, exposing the Company to fluctuations and volatility of the rates of exchange between the Australian dollar and the United States dollar as determined in international markets.

**8.2 General risks**

(a) **Options**

The Options may not be quoted on ASX (refer to Section 5.13 for further details). If the Options are not quoted on ASX there will be no secondary market for the Options. This may adversely affect the Option holder's ability to sell their Options at a desired price, if at all.

(b) **Economic**

Factors such as inflation, currency fluctuation, interest rates and supply and demand have an impact on operating costs, and stock market prices. The Company's future revenues and prices of its securities may be affected by these factors, which are beyond the Company's control.

(c) **Changes in legislation and government regulation**

Government legislation in Australia or any other relevant jurisdiction, including changes to the taxation system, may affect future earnings and relative attractiveness of investing in the Company. Changes in government policy or statutory changes may affect the Company and the attractiveness of an investment in it.

(d) **Global credit investment market**

Global credit, commodity and investment markets have recently experienced a high degree of uncertainty and volatility. The factors which have led to this situation have been outside the control of the Company and may continue for some time resulting in continued volatility and uncertainty in world stock markets (including the ASX). This may impact the price at which the Company's securities trade regardless of operating performance and affect the Company's ability to raise additional equity and/or debt to achieve its objectives, if required.

(e) **Exchange rate risk**

If the Australian dollar falls in relation to the exchange rate where the product or service is sourced from, then since the Company's financial statements are prepared in Australian dollars, this may impact its performance and position.

(f) **Unforeseen risk**

There may be other risks which the Directors are unaware of at the time of issuing this Prospectus which may impact on the Company, its operations and/or the valuation and performance of the Company's securities.

(g) **Combination of risk**

The Company may not be subject to a single risk. A combination of risks, including any of the risks outlined in this Section could affect the performance valuation, financial performance and prospects of the Company.

(h) **Unforeseen expenditure risk**

Expenditure may need to be incurred that has not been taken into account in the preparation of this Prospectus. Although the Company is not aware of any additional expenditure requirements other than those announced on the ASX and disclosed in this Prospectus, if such expenditure is subsequently incurred, this may adversely affect the expenditure proposals of the Company.

(i) **Market conditions**

Equities market conditions may affect the value of the Company's quoted securities regardless of the Company's operating performance. Equities market conditions are affected by many factors such as:

- (i) general economic outlook;
- (ii) introduction of tax reform or other new legislation;
- (iii) interest rates and inflation rates;
- (iv) changes in investor sentiment toward particular market sectors;
- (v) the demand for, and supply of, capital; and
- (vi) terrorism or other hostilities.

The market price of securities can fall as well as rise and may be subject to varied and unpredictable influences on the market for equities in general and biotechnology stocks in particular. Neither the Company nor the Directors warrant the future performance of the Company or any return on an investment in the Company.

(j) **Additional requirements for capital**

The Company's capital requirements depend on numerous factors. Depending on the Company's ability to generate income from its operations, the Company may require further financing in addition to amounts raised under the Offers. Any additional equity financing will dilute shareholdings, and debt financing, if available, may involve restrictions on financing and operating activities. If the Company is unable to obtain additional financing as needed, it may be required to reduce the scope of its operations and may be prevented from progressing the commercialisation of its products. There is however no guarantee that the Company will be able to secure any additional funding or be able to secure funding on terms favourable to the Company.

(k) **Speculative investment**

The above list of risk factors ought not to be taken as exhaustive of the risks faced by the Company or by investors in the Company. The above factors, and others not specifically referred to above, may in the future materially affect the financial performance of the Company and the value of the Offer Securities.

Therefore, the Offer Securities carry no guarantee with respect to the payment of dividends, returns of capital or the market value of those securities.

Potential investors should consider that an investment in the Company is speculative and should consult their professional advisers before deciding whether to apply for Offer Securities.

### 9.1 Continuous disclosure obligations

The Company is a 'disclosing entity' (as defined in section 111AC of the Corporations Act) for the purposes of section 713 of the Corporations Act and, as such, is subject to regular reporting and disclosure obligations. Specifically, like all listed companies, the Company is required to continuously disclose any information it has to the market which a reasonable person would expect to have a material effect on the price or the value of the Company's securities.

This Prospectus is intended to be read in conjunction with the publicly available information in relation to the Company which has been provided to ASX and does not include all of the information that would be included in a Prospectus for an initial public offering of securities in an entity that is not already listed on a stock exchange. Investors should therefore have regard to the other publicly available information in relation to the Company before making a decision whether or not to invest.

The Company, as a disclosing entity under the Corporations Act states that:
